COMMUNICATION

U.S. Patent and Trademark Office  
Customer Service Window  
Randolph Building, Mail Stop Amendment  
401 Dulany Street  
Alexandria, VA 22314

Sir:

In reviewing the Issue Fee Transmittal Form, we noticed that the title of the invention is incorrect.

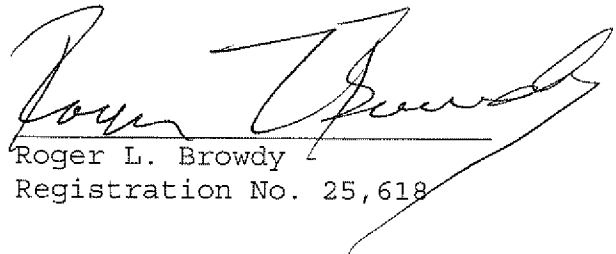

The correct title of the invention should read "INHIBITOR OF NF- $\kappa$ B ACTIVATION," the same as appearing in the specification and on the executed combined Declaration/Power of Attorney originally filed in this case and as appearing in the Supplemental Application Data Sheet (ADS) dated December 23, 2009.

In re of: 09/671,687

The correct title is now reflected on the Issue Fee Transmittal where we crossed out the incorrect title and replaced it with the correct title as it should appear on the patent.

Respectfully submitted,

By

Roger L. Browdy
